FINISHES 表面紋路選擇

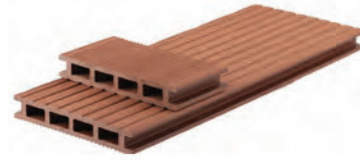

COLOURS 顏色選擇

TREATMENTS & FINISHES.

HOMEDeck 正常中空

Our deck has two different styles on each side...

Wide Grooves or Narrow Grooves...

With, or without Smooth edging...

With Grooves, or with no Grooves at all...

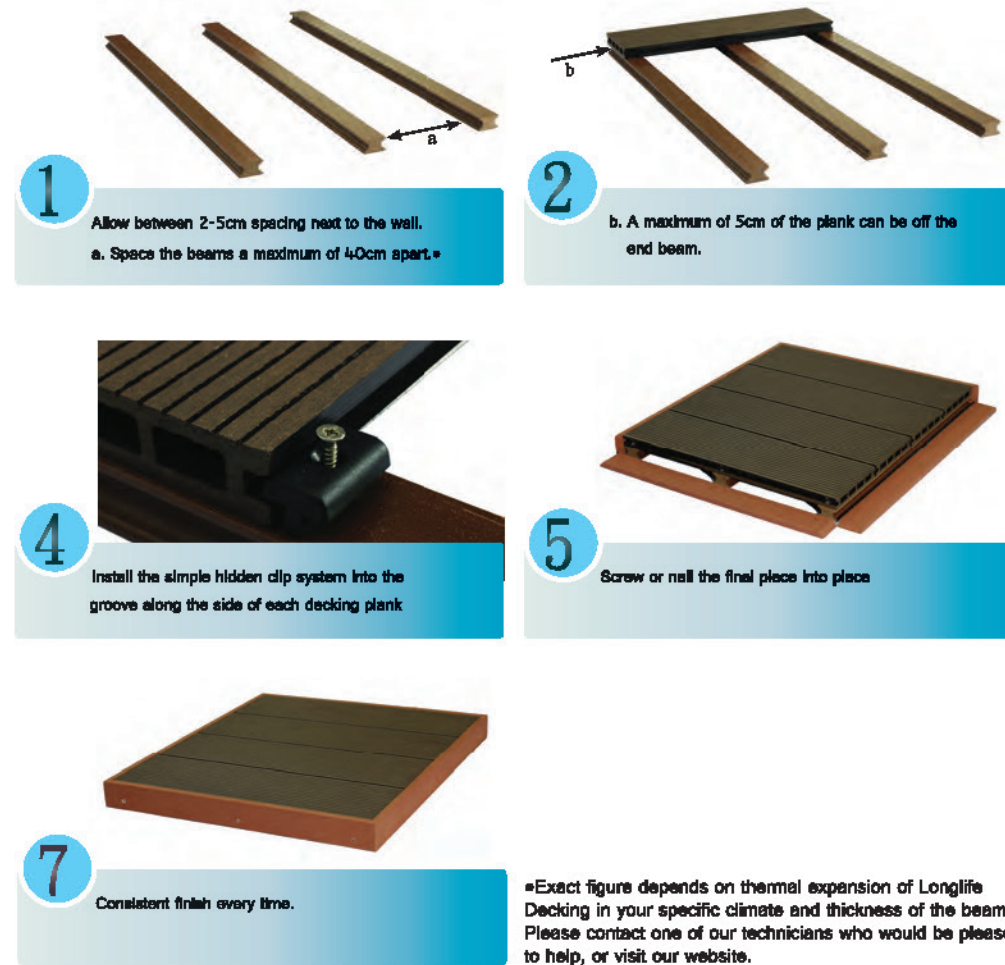

The cavities in the Decking makes this product cost effective, while retaining the integral strength of the product.

INSTALLATION. 安裝方法

Longlife is simple to put together and requires normal carpentry tools. It handles just like wood making for hassle free installation.

What's more, with our hidden clip and spacer system, each plank can be extremely easily spaced, with no protruding or rusty screws on show.

MARINA & WHARF DECK 特強實心

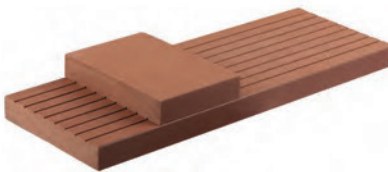

A solid product, suited for heavy use with Deeper Grooves more suited to water based environments. We can supply as a simple solid plank...

...Or with a Groove in the side of the product, like with our HomeDeck product, to make use of our Decking Clip technology.

DECKING FOR PUBLIC SPACES

Again, a solid product, for heavy use, with many styles and colours available.

Call one of our technicians now, to discuss your exact requirements, and we will match your needs.

DECKING TILES 獨立組件形式

Longlife Decking Tiles are extremely quick and easy to lay on any balcony, terrace or poolside deck. Simply snap the tiles together along the tabs. If you change your mind, unlock it, and reposition it!

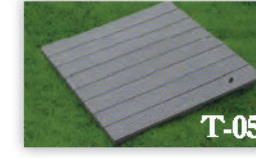

Decking tiles are made up of Longlife Decking planks mounted onto a sturdy plastic base and are great for both temporary and permanent decking alike.

TILE 03 - DIAGONAL
310 X 310 X 22MM

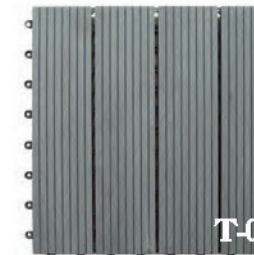

TILE 04 - LONG
610 X 310 X 22MM

TILE 05 - STRAIGHT
400 X 400 X 22MM

TILE 06 - LONG
910 X 310 X 22MM

TILE 01 - STRAIGHT
297 X 297 X 22MM

TILE 02 - TILED
297 X 297 X 22MM
